Customer Reviews

The Sheikh's Rebellious Mistress was the last book in Sandra Marton's The Sheikhs Tycoons series and was based on revenge due to embezzlement and getting even for walking away from a relationship. It's extremely entertaining, full of passion with a few twists and turns. For sometime the handsome, powerful and wealthy sheikh Salim al Taj had stewed and vowed to find Grace Hudson and make her pay in more ways than one. She would pay dearly for ending the relationship, disappearing without a word and from lying and stealing from him. He would punish her himself and when he was through with her he would turn her over to the authorities. Like all of the sheikhs in this series they were of modern thinking as they were educated at Harvard, were close friends, fierce,

proud, loyal to their country and to each other. They all felt royal marriages were based on duty, not emotion and relationships outside of marriage on fulfilment. In the end, they were wrong and each of them falls hard. Salim was no exception and you'll ache for him because he almost didn't get his second chance. Grace Hudson was beautiful, smart, a hard worker, well spoken, had opinions and never hesitated to state them. She never mixed business with pleasure but when she met and worked for Salim, she fell hard and he broke her heart. As their relationship continued she felt he was distancing himself so she left before he could hurt her more and she could salvage what was left of her life. Grace finds herself in a horrible situation. She's attending a conference with her boss in Bali and he forces himself on her. On top of that, Salim has tracked her down in Bali, witnesses the assault and intervenes.
