## Customer Reviews

W.E. Vines is on the top of my BEST list. I love his stuff!! However, this dictionary was a disappointment. There are way too many words missing. I am only guessing, but I would say it contains approximately 60% of the total words found in the NT. All of the high profile words are there of-course. But more than half the time I went to this book looking for a word, it was not there. Wish they had completed the work. I love VINE!! :(

A treasure to own and have on hand. A great study help! would highly suggest Vines concise, Strongs Concordance, Thayer's New Testament Greek/English Dictionary and Lockyer's Dictionary for all your Biblical studies whether topical, character, books of the Bible, words studies. These are excellent resources you should take advantage of !

Once an individual begins to recall scripture from reading the bible so much it is time to dig deeper into the meaning of the words from the languages of the time period that they were written and Vine's Expository is one very helpful tool for that sort of study. I only wish they would be more exhaustive like the Strong's Concordance in defining all the words of the bible.

I think Mounce's expository dictionary is far better than this. do not much expect from this. You may need another reference aid to utilize this.

I have had occasion to use it many times. It is very helpful in understanding some of the words used in the Bible.

I have not had a lot of opportunity to use this yet.. but had one before and lost it, was very handy

This book is not as thorough as I thought it would be.
