## Customer Reviews

This book is very unique. As usual, the Spectrum books are perfect teaching tools. I have not seen this particular material addressed so thoroughly in any other 4th Grade book. I am so happy to have it for my 4th grader, and he always enjoys working in the Spectrum books. Well presented and organized...thorough. Language Arts, Grade 4 (Spectrum) 4th Grade Writing Practice (Practice (Scholastic)) 240 Vocabulary Words 4th Grade Kids Need To Know: 24 Ready-to-Reproduce Packets That Make Vocabulary Building Fun & Effective

Really think this book is excellent practice for emerging readers. Excellent practice with blends, rules, digraphs etc. Has really helped my third graders advance in their phonetic reading abilities.

13 years of homeschooling and the Spectrum Word Study and Phonics series is a staple we use from Level P through 6. Affordable, simple, thorough, solid, and effective. My kids work through these independently and this covers all the basis of "word study."

I use this with my homeschooled 8 year old. He complains that it is easy, but I think the biggest thing he gets out of it is critical thinking and following directions. Lots of different types of questions, riddles, and wordplay that get him thinking.

My daughter struggles with phonics and her teacher recommended I get something for her during the summer months. I found this workbook and she really likes it, and sometimes I find her doing the pages on her own without me asking her to do them.

Great addition to our homeschool lessons!

As a teacher who tutors in the summer, this workbook is PERFECT for word study. I bought this for a student I tutor to supplement my tutoring. It's easy enough for students to use at home.

I love it! This subject is fun to learn and master and easy to use. I can't get enough of it.
