Customer Reviews

My fifth grade daughter likes that this version is visually interesting and not intimidating to read. I like that the Scripture is not watered down. We bought the New Testament at her request after she read Genesis and Exodus in this format. Her younger cousins also like these.

The is an excellent format for boys to read the bible. It is in a comic format that keeps the interest of the child. Would highly recommend! They have the New Testament in hard back which makes a wonderful present! Great way to get your child interested in the Bible.

Excellent way to read the Bible and understand it for both children and adults alike. Highly recommend!
