The Collected Doug Wright: Volume One: Canada's Master Cartoonist

Synopsis

A career-spanning retrospective of one of the masters of North American cartooning. The first of a historic two-volume set, *The Collected Doug Wright: Canada's Master Cartoonist* presents the first-ever comprehensive look at the life and career of one of the most-read and best-loved cartoonists of the 1960s. Compiled in cooperation with Doug Wright's family, it draws from thousands of pieces of art, pictures, letters, and the artist's own journals to provide a fully rounded view of Wright, both as a cartoonist and as an individual. Volume One follows the artistic development of the British-born cartoonist from his earliest unpublished work to the first days of his most enduring comic strip, *Nipper*. First published in 1949, a full year before the debut of *Peanuts*, this wordless strip perfectly captured the humorous and frustrating side of parenting for several generations of both young and old. Remembered by many for Wright's cartoon children's striped shirts and bald heads, *Nipper* quickly grew into a Canadian phenomenon. Designed by the acclaimed cartoonist and *Peanuts* designer Seth and featuring a biographical essay by the writer Brad Mackay, this lavish hardcover collection gives Wright's career the recognition it has long been due. The introduction is by one of the most famous working cartoonists today, Lynn Johnston of the syndicated heavyweight comic strip *For Better or For Worse*. "I don't think I'd have had the basics needed to do a syndicated comic strip had it not been for Doug Wright" (Lynn Johnston, from the introduction).

Customer Reviews

I was really please to find this collection of Droug Wrights' cartoons. He was truly a master of getting the joke across with little or no words. To be able to capture family life in just a few simple drawing is wonderful. Most of the cartoons are still current with life today. I love the fact that everything looks like it should- a table looks like a table picture at the right angle from the viewers perspective. I can't wait to see volume two. Anyone know when it is due out?

The value of this overpriced book is only to understand the cultural elite which Wright was part of in Montreal during the 1940-1950s. His work was the embodiment of the English-speaking upper class that dominated the French-speaking majority. The total omission of any historical context in Wright's work, and in the long introduction by the editors only reveals and reinforce English-speaking Canada's contempt and dislike for its French-speaking equivalent. Wright's work was nowhere the equivalent of Charles Schultz as the publishers of the book try to assert. At best he was a good storyteller but with not much imagination or groundbreaking ideas. Even Hank Ketcham' Dennis the Menace was more "profound" with themes relatively similar. As for the quality of the book, many of the strips were not cleaned up and showed the ridges of the original newspapers they were scanned from. Readers deserve more than bloated scans without any retouching. Interested readers might as well go to public archives and find similar source material at the same quality. There's no value added to this book. The illustration work of Wright is good though and rendering silent scenes is his specialty.
