# Apostolic Guidelines To Release The Prophetic: How To Prophecy And Be Accurate

## Synopsis

"Apostolic Guidelines to the Prophetic" by Dr. Kluane SpakeProphecy is precious! But, the Gift has been abused and misused -- especially in the last few years. This book, "Apostolic Guidelines to Prophecy" is written to treasure and RELEASE the Gift of the prophetic IN YOU -- and teach you HOW to minister more accurately and safely. These Guidelines will change YOUR life and ministry. It will bring greater order, accuracy, and much greater impact and influence on the prophetic. Prophecy is as old as the Bible. Yet many don't understand--or even recognize--when and how it happens today. The New Testament Church was apostolically led and prophetically influenced! Taking an apostolic look at the prophetic gives a vastly different view than normally heard. As you go through this book you will discover that God is speaking to you in the NOW, the Present and wanting you to put words and action to your faith. Today, the Church is positioned on the periphery of what will go down in church history as a most powerful move of God. It is all about the apostolic government of the Church arising and taking its place. This book will teach you how to obtain and release a greater force of RESULTS from the prophetic. The prophetic gift should be cherished, encouraged, and enhanced. All who are filled with the Spirit can and should participate in the spirit of prophecy. Prophecy has been a part of Pentecostal and Charismatic Christian Church since early revivals in the Body of Christ. There have been many mis-uses and extremes. It is my hope to correct these errors and cause the prophets and prophetic ministry to have greater impact. Together, WE can change and influence nations and governments. Let's move past individual prophecy into greater engagement. Apostles and an apostolic mindset need to come alongside to help build guidelines and protocol in order to protect the Church and to help train ministries to have greater accuracy when they prophesy. Fulfilled prophecy is one of the strongest evidences for the truthfulness of the Bible and the authenticity of Jesus Christ. That is why we must be more cautious of the prophecy we give and receive. Prophecy fulfillment is imperative in order to build credibility. The Holy Spirit still enables believers to prophecy. God is still actively involved in our lives. True prophecy and the true prophetic will be accurate and trustable. It will be revelation. Learn how to make fewer mistakes! Learn how to build your ministry with ethics and accountability. True Biblical prophecy is not the same as what psychics demonstrate. Even the Bible recognizes the possibility that uninspired non-Christian people can sometimes accurately predict the future: "If there arises among you a prophet or a dreamer of dreams, and he gives you a sign or a wonder, and the sign or wonder comes to pass, of which he spoke to you, saying, 'Let us go after other gods'--which you have not known--and let us serve them,' you shall not listen to the words of that prophet or that dreamer of dreams, for your LORD is testing you to know whether you

love Him with all your heart and with all your soul" (Deut. 13:1-3). Numerous Old Testament predictions were fulfilled perfectly in Christ. "EVERY SINGLE BELIEVER Needs to read this book, "Apostolic Guidelines to Release the Prophetic." If you prophecy or learn how -- If you are in ministry -- Apostolic, Prophetic or in any level of leadership you NEED to read it. If you are Pastoring, this is a MUST read. Invest in yourself and get this book. It is so important that continue to learn, and our understanding and operation in our gifts be expanded as we lead others." Pastor L.V. Brown If you want to know more, then just scroll up to buy this book...This book tells you WHY you need protocol guidelines and WHAT they should be!

## **Customer Reviews**

As ministry leaders, we can find ourselves operating in prophetic ministry with limited training, instruction, guidance and insight. It is not uncommon to minister in these arenas with people whose understanding and insight is pretty much at the same level as yours. After all, many prophetic people travel in circles... and often don't recognize when their "circle" stops growing in progressive revelation. Some may even live in the same community; have probably taken similar classes on the

prophetic and have read some of the most popular books available today which, more or less, repeat information. If you are reading this book review, you are probably seeking MORE understanding concerning the prophetic as well. While searching the web on this topic one day, I stumbled across a book entitled, "Apostolic Guidelines to Release the Prophetic" by Dr. Kluane Spake. I ordered it immediately, and read it cover-to-cover within days of its arrival. That was over six months ago and it has significantly impacted my life. I have since reread it; but this time, I combed through the pages highlighting key areas, taking extensive notes and studying out certain aspects deeper in the scriptures. (I have a growing notebook dedicated to what I have learned and received from my study.) Let me say this: I believe that I have found the ultimate resource on understanding, cultivating and navigating the prophetic within my life and ministry in this season. I literally felt like putting all those other books I had purchased - with the exception of about three of them written by someone I know personally - in a box marked "donations" for my next trip to Goodwill. Please understand that those books were not necessarily of poor quality.
