## Customer Reviews

My 9 yr. old daughter and I did enjoy this book, however, WARNING! Do not read this book if your child believes in Santa Claus or Easter Bunny. I was hoping to carry out the illusion for one more year but the author puts an abrupt end to that possibility.

This book deserves six stars! It was very funny. My favorite part was after the school program when Charles's mother came over to him and whispered to him that his zipper was down and when he saw the underwear all bunched up in his zipper! I like Barbara Park's books. She is today's funniest writers for children. I hope she keeps on writing.

This book is actually one of the funniest I've ever read: "This must be it! I thought to myself as I ran to the door. Quickly, I pulled it open. There stood Hank. Hank is one of my mother's cousins. She has three of them. The other one is Hank." This book is funny enough for adults to be amused and

never gets preachy or condescending. It's a good book to teach kids about divorce, also. Highly recommended for any age!

When Charlie learns that his parents are getting a divorce, he won't take it lying down!! Never!! He'll do anything to get them back together. ANYTHING, including run away. This is a hilarious and heart-warming book about a boy's way of coping with divorce.

Assigned summer reading.. Heads up.. Holiday Surprises (ie Easter Bunny and Santa) are sorely tested. Many kids in my son's class were sad to read this part.
