# 100 Pics That Prove Nephilim Giants Existed

100 Pics That Prove The Existence Of  
**Nephilim Giants**

**Dante Fortson**

## Synopsis

Is there any evidence that giants existed in the past? Is the Smithsonian responsible for covering up said evidence? While these pics may not prove beyond a shadow of a doubt that giants existed, they do serve as compelling evidence for us to dig deeper in search of the truth.

## Customer Reviews

It was interesting no 100% confirmation, I believe there were giants in the Bible because Goliath was a giant but 100 foot giants seems ridiculous. Can you imagine how much someone that big would eat, urinate etc? They would decimate an environment!

This book is just a long advertisement for another book. A link to the other book on .com appears under almost every picture. I find it so annoying that I am not even going to mention the name of the other book or post a link to it. should not allow this kind of self promotion to take place.

While, this book doesn't contain the in-depth information that would appeal to someone who is well

studied on this topic, it is a very good introduction for those that have previously been unaware of the true history of our planet.

Giants are a real part of history, the evidence all over the globe. This book just scratches the surface of this fact. The Smithsonian covers up this important part of our global past. Doesn't fit with the evolution theory (note: a theory that will remain so, because there is no evidence of evolution).

Awesome book!!!! It is incredible how detailing and efforts were put into this book!! highly recommended to anyone that need to understand the truth about giants!

Was very disappointed. Thought there might be some new material. Good for anyone that hasn't checked out things about Giants.

Very educational I enjoyed your book very much. I hope to continue to find more of your books. Please don't stop writing.

Nice to real evidence as opposed to the facts. Needed to see this. Thanks for sharing. I'm very amazed at their sizes!
