Synopsis

This Microsoft Excel 2013, Exam 77-420 book is the only Microsoft Official Academic Course (MOAC) textbook. This series includes a complete classroom instructional program. This Excel 2013 text is mapped to the Excel 2013 certification exam objectives and is designed to re-enforce workforce skills. With this book students learn to create and edit professional-looking spreadsheets for a variety of purposes and situations. It also covers such skills as charting, creating analytical, financial reports, data entry, developing budgets, formatting numerical (financial, statistical, etc.) reports, creating forms, graphing, processing data, reporting, technical support, trending and much more. The Microsoft Official Academic Course (MOAC) Office series also offers OfficeGrader. This valuable tool corrects your students tasked-based assignments. Students work on real-world problems like the ones they will encounter in the workforce ensuring they are ready for real professional challenges. OfficeGrader allows for efficient and consistent grading saving time for other important teaching activities. Grading is easier than ever allowing faster assignment turnaround to students. Excel 2013 certification can help students with classwork and differentiate job hunters in todays competitive job market. Students who have earned certification can broaden their employment opportunities in such fields as accounting, office administration, consulting, as executives and managers, help desk personnel, instructors/trainers, program/project managers, and sales careers.
