## Customer Reviews

I "bought" Seal of the King as a free offering from . The description grabbed me as it falls in the genre of Christian fantasy, a supernatural thriller, spiritual warfare, all genres that I love. Without any warning or foreknowledge on my part or the author's, I received an email from him on the same day I downloaded this book from . He had googled, Christian fiction review, and my blog name came up

in the search results. The first thing I noticed is that you hit the ground running. Smith wastes no time setting the stage for what is to come, introducing you to David and his world and Aurora and hers, the latter hundreds of years in the past. What ties these two descriptions together is the account of them having grown up with each other's childhood and adolescence as visions of each other. They both grow up knowing, liking and ultimately loving each other even before they met in real life. You have just gotten used to this when their worlds collide and they meet in David's world. Here the plot really revs up and so does the action. We experience further development of David and Aurora's relationship now they are in the same reality, and the background to the war they are in and what brought them together. Aurora understands more of her side of things while poor David gets the raw end of the stick by being thrown in the deep end and has to catch on fast. And fast he does. Smith's two protagonists are central to everything and around which everything revolves. David very quickly is transformed from a simple farmer to one very strong, chivalrous warrior and this is enhanced by his love for Aurora.
